MY PROFILE

I am a passionate Junior Software Developer eager to learn and contribute to a teams success. Based on my previous experience I am very structured, precise and my motivation to grow, learn and improve myself is anchored in my mindset.

RECENT EDUCATION

AUG. 2021 – SEPT. 2022

EVERYONE CODES

SOFTWARE DEVELOPER

My most recent Education was as Software Developer with everyone codes – There were extensive activities both programming and soft-skill related

PROGRAMMING SKILLS

- Java Advanced
- Git
- Spring Boot (Webapplications with Security, Scheduling and Validation)
- NoSQL (MongoDB)
- SQL (MySQL + JPA)

SOFT SKILLS

- **Time Management**
organizing my own time effectively and productively
- **Communication Skills**
I am able to communicate and express myself precisely and have the ability to convey ideas
- **I have learned how to learn**
I'm still improving my ability to learn on my own and getting into the right mindset for it
